

ROCHESTER: ROCKS, WATER, LANDSCAPES

HOW WATER MAKES ROCKS AND ROCKS AFFECT WATER

Todd Osweiler (Rochester Public Utilities) and Barb Huberty (director of the Minnesota Legislative Water Commission) will take you on a sojourn through geologic time and help you discover how Rochester's geology guides the City's storm water management and groundwater protection decisions.

Sunday, February 22

Rochester Public Library
Auditorium • 2PM

Sponsored by Prairie Smoke, Friends of Indian Heights, and the Rochester Public Library.
